

Lesson Topic: \_\_\_\_\_

Minutes: \_\_\_\_\_

**Learning Outcome** Start with the end in mind

**TIME** **Introduction (Hook, norms, pre-assessment)** How will you capture our attention? How will you set the tone and get us talking early? How will you check prior knowledge and readiness to learn?

**Activities** How will you make your lesson interactive? How will you apply VARK? How will you scaffold the activity?

**MATERIALS**

**ACTIVITY IDEAS**

- |  |  |  |
|--|--|--|
| <input type="checkbox"/> Brainstorming     | <input type="checkbox"/> Handout                     | <input type="checkbox"/> Role play / Case study        |
| <input type="checkbox"/> Demonstration     | <input type="checkbox"/> Mind map                    | <input type="checkbox"/> Storytelling                  |
| <input type="checkbox"/> Discussion        | <input type="checkbox"/> Movement                    | <input type="checkbox"/> Visuals                       |
| <input type="checkbox"/> Fill in the blank | <input type="checkbox"/> Poll / quiz                 | <input type="checkbox"/> "What happens next?"          |
| <input type="checkbox"/> Game              | <input type="checkbox"/> Props                       | <input type="checkbox"/> Writing / drawing / colouring |
| <input type="checkbox"/> Graphic organizer | <input type="checkbox"/> Put photos / steps in order | <input type="checkbox"/> Other                         |

**Assessment** How will you know that the outcomes have been achieved?

**Reflection & Application** How do learners use their new knowledge? What are their next steps?
